Dear Mr. Forget,

Thank you for usefully clarifying this situation so expertly.

I do not know when I will write about this issue again, since, as it happens, I am retiring in a matter of minutes (after 40 years at the paper). However, after a month's break, I will be doing freelance pieces and I will include your insights if I write about this subject again.

In the meantime, I am forwarding our correspondence to John.

Appreciatively,

Henry Aubin
